

Spring 2024
Classes begin
February 5th!

Theatre Arts

Afterschool Enrichment Programs

Acting Classes

In addition to providing a strong foundation of basic stage acting skills, our acting classes also increase self-confidence, develop social-emotional intelligence, and support literacy skills!

Voice Lessons

Our group voice lessons focus on learning healthy, sustainable technique, as students begin to explore their voices as uniquely expressive instruments, while developing basic musicianship skills.

Dance Training

Our dance classes provide foundational instruction in techniques commonly used in musical theatre settings. These classes are designed for singers and actors to increase their performance fitness and dance skills in a low-pressure environment.
