Questionnaire due October 18  
Wed Oct 12, 2022 11:32am

Dear families,  
The Kindergarten Individual Development Survey (KIDS) is an observational tool designed to help teachers, administrators, families and policymakers better understand the developmental readiness of children entering kindergarten. Each year after the 40th day of school, kindergarten teachers complete 14 rating scales for each child. As part of the rating scales, I am asking for your input regarding your child's current rating in three areas: Approaches to Learning and Self Regulation, Social Emotional Development, and Language and Literacy Development.  
We need this completed no later than October 18, attached is the link for this form.  
Thank you and have a great day!
